

ISC/SCI 2010

Finding the conference rooms

Dawson's layout is a little confusing. We hope the plan of the relevant corridors below will help.

1. Enter the College from the doors at 4001 de Maisonneuve, opposite Alexis Nihon. This is the easiest way in, and there is an information desk at this entrance in case you get lost. This is also the entrance with wheelchair access.

- You are now on the 2nd floor → walk in to the escalators and take the escalator up one floor. When you get off the escalator, follow the red line on the map below.

2. Enter the College from the steps/front doors on Sherbrooke Street.

- You are now on the 5th floor → take an elevator down to the 3rd floor. Follow the red line from the elevators on the map below.

3. Enter the College from the Metro. Look for the sign into Dawson when you exit the Metro turnstiles. Follow the corridor into the College and continue past the banks of lockers.

- You are now on the 1st floor → take the escalator up to the 3rd floor. When you get off the escalator, follow the red line on the map below.

There will be signs to help you 😊
